Printable Family Tree Template

Let your child stamp green fingerprints as leaves around the tree. Write family member names under each print.

Fingerprint Animal Guide

Use thumbprints to make animal bodies. Add legs, eyes, wings, and tails with markers or pens.

Alphabet Letter Sheet

Decorate large letters A to Z with fingerprint textures. Use stamps to make themed letters (e.g., B for bee).

Emotion Faces Outline

Children can use fingerprints to express different feelings—happy, sad, angry, and more—on outlined faces.
