

# Shoebox Diorama Manual Template Kit (PRO+)

Includes step-by-step instructions, tools checklist, cut-out guides, and printable activity pages.

Provided by [kids-activities.net](https://kids-activities.net)

## 1. Background & Ground Templates

Use these templates to decorate the inside of your shoebox with a forest theme.

## **2. Cut-Out Elements**

Print and colour tents, trees, campfires, and more. Then cut them out and glue them into your diorama.

### **3. Recommended Tools**

What you'll need: scissors, glue stick, coloured pencils, markers, hot glue (optional).

## 4. Step-by-Step Guide

- Step 1: Attach the forest background to the inside back panel of the shoebox.
- Step 2: Glue the grass-textured ground base inside the bottom of the shoebox.
- Step 3: Cut and colour your scene elements like the tent, trees, and sun.
- Step 4: Arrange and glue your elements to create a mini forest camp scene.
- Step 5: Let it dry, then proudly display your diorama or use it for storytelling!

## **5. Diorama Builder Certificate**

Award this certificate to the child after completing the project.

## 6. Process Illustration Page

Here's a visual reference of the diorama-building process:

→ (You may add real photo illustrations here in future printable packs.)

## 7. Bonus Colouring Page

Have fun colouring these camping-themed illustrations!

■ ■ Tent — add your own colours

■ Tree — decorate with different seasons

■ Campfire — make it glow!

**Thanks for using this kit!**
